Then why did she not get rid of him !! Lisa got that job done ! .. This sympathy thing is BS ... She told me she could get McL out of my race if I only had talked to her ! A statement that was powerful to me that the 49ers backed him just like her and AR .. They really need to get exposed .. So that is why they push hard they are not in that camp.. A lot of deflecting going on

Thanks--- Patty pulled out her breast cancer survivor card a couple of times during her segment, including when she said that one of the times she had accepted something from the 49ers was when she was at a game during breast cancer awareness month and she was part of a ceremony of survivors and received a pink t-shirt. How could Raj compete with that? She is pretty slick in her approach. She also said a big factor in why she didn't run for a second term 2 years ago was Julio and now that he is gone, she is willing to come back.

Hi there-- Some good news to take a little of the sting away from yesterday. Interesting that John didn't get 100% since he was the only candidate up for the endorsement in his seat.

Kathy may have been hurt by some of the interchange between her and John. I got off a little easier since Ahmad didn't make it to the meeting.

And then Lisa was the absent star of the show by being the subject of the last question--"what do you think of the job Lisa Gillmor is doing as mayor?"

A very interesting evening.....
